

CAR AND DRIVER

Dec 2008

WRAP IT UP

Moving and storing tires is a surefire way to get your hands dirty, and you don't have to be obsessive-compulsive to appreciate the Tire Rack's

Seasonal Tire Tote.

Sold in pairs, these covers fit overall wheel-and-tire diameters from 22 to 31 inches. They work great, although a second handle would be nice for larger and heavier tire sets.

(\$19.95 for two;
