The business resource for pet retailers

## Reigning Cats & Dogs

Is a diverse array of  
animals essential to a  
healthy pet industry?

products for  
**DOGS**

### **KURGO BACKSEAT BRIDGE**

Kurgo Backseat Bridge stops pets traveling in the car from falling to the floor or coming up to the front seat. The padded bridge connects the space between the front seat and the back seats, while also acting as a front barrier, for a secure ride. The built-in partition prevents the dog from standing on the armrest or getting into the front seat and acts as a wall in case the car stops short. For more information, visit [www.kurgo.com](http://www.kurgo.com).
