### **KURGO SURF N TURF JACKET**

The Surf n Turf jacket, from Kurgo, is a dog flotation jacket intended to comfortably fit Fido in the water or on land. In addition to functioning as a doggy life jacket, the flotation layer can be removed to create a raincoat. In cooler seasons, the Kurgo Wander Coat (sold separately) can be inserted for extra warmth.

Other features include two metal d-rings for leash connection, two handles to help control or extract pups from the water and a high contrast red color with reflective trim.
